## PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience specializing in front-end web development, UI/UX design, and responsive, accessible digital experiences. Skilled in HTML5, CSS3, JavaScript, React, Angular, and Vue.js, with proven ability to deliver user-friendly and visually engaging websites. Experienced in WCAG 2.0 accessibility standards, CMS platforms (Cascade, WordPress), and web analytics (Google Analytics/Matomo). Adept at collaborating with designers, writers, and project managers to translate business needs into modern, mobile-first, and data-informed solutions. Strong problem-solver with expertise in Agile workflows, version control (Git/GitHub), and cross-functional teamwork.
